WAR WITH VENEZUELA

Possible Outcome of the Widening Breach of Amity.

ADMINISTRATION DEEPLY IRRITATED.

Minister Loomis Has Orders to Return With a Rush—His Withdrawal an Evidence of Displeasure—Bitter Attacks Made by Newspapers.

Washington, April 1.—In order to expedite the arrival of Minister Loomis in this country, Secretary Long has instructed the Scorpion to convey General Loomis to San Juan, where he will take steamship for New York.

The report Minister Loomis will make to the state department will have much to do with the determination of the attitude of the United States toward the South American republic. The administration is deeply irritated over Venezuela's conduct and has concluded that it is time for this government to assert itself and acquire respect and proper treatment for American agents and citizens.

The withdrawal of Mr. Loomis in itself is an indication of the displeasure of the United States, and Venezuela will undoubtedly so receive it.

Senor Pulido, the Venezuelan chargé d'affaires, sincerely regrets that any differences should have arisen between the two governments, and he is energetically working to restore the former friendly relations.

The future of Minister Loomis depends upon the conference he will have with Secretary Hay when he reaches Washington. Until the secretary has had an opportunity to talk freely with Mr. Loomis as to the conditions in Venezuela it cannot be known positively whether or not he will return to his post. Mr. Loomis has been the object of bitter attacks by some of the Venezuelan newspapers, not solely because of the asphalt controversy, but also because he was charged with making false reports to his government touching the insurrectionary movement in Venezuela. The minister did inform the state department of the conditions as he saw them and of the prospects of the revolutionary movement. Officials of the Venezuelan government could not have direct knowledge of the minister's reports, but because the reports were followed by the appearance of three United States warships in Venezuelan waters, they came to the conclusion that the minister had reported as very menacing and serious a revolution movement which the government organs were trying their best to minimize. Therefore these papers lost no opportunity of attacking Mr. Loomis in print and succeeded in making his lot unpleasant. It is only fair to state that the Venezuelan chargé here asserts positively that these attacks were made by irresponsible newspapers and that the government was not behind them and deplored them. If Mr. Loomis confirms this view and he cares to return to Caracas, he will be permitted to do so. It is expected that Minister Loomis will reach New York April 10.

There is no intention of sending the North Atlantic squadron to Venezuela, for the government cannot decide how this matter should be treated until Mr. Loomis has been personally consulted. The squadron, which is at Culebra island engaged in maneuvers, is about to head north in a few days. One or two of the vessels will be sent first to Kingston, Jamaica, but the delay will be temporary and the whole squadron will perhaps soon be under way for Tompkinsville.

Revolution Inevitable.

New York, April 1.—A dispatch from San Juan, P. R., says: The Venezuelan consul here thinks war between the United States and Venezuela is impossible, as President Castro will make concessions. He says, however, that it is probable Generals Andrade and Pitre will take advantage of the recall of Minister Loomis to start a rebellion. Advices that came by the steamer Philadelphia were that it will be impossible to avert a rebellion in Venezuela.

Brazil Not Alarmed.

New York, April 1.—A dispatch from Rio Janeiro says the government has sent a communication to foreign legations saying there is no danger of institutions being overthrown by the monarchist conspiracy. The minister of the navy has appointed a medical commission to inquire into the physical condition of Admiral Mello to ascertain if it is true that on the ground of health the admiral cannot safely be sent to Amazonia, where the government has ordered him to be sent. Mello is detained on Cobras island.

Organist and Composer.

London, April 1.—Sir John Strainer, 61, organist and composer and writer on musical topics, is dead.

CONDITIONS VARY.

Uniform System of Government Cannot Be Established in Philippines. Zamboanga, Island of Mindanao, April 1.—Owing to the peculiar conditions prevailing in the Sulu archipelago and the Island of Mindanao, the Philippine commission has about decided to organize a departmental government covering all of the islands south of the Visayas.

A uniform general provincial law is impossible of application in the extreme southern islands on account of the necessity of debarring the Moros from self-government except in cases where they have forsaken allegiance to Dattos, the sultan, and become subjects of the United States and for the further reason of the multiplicity of races and tribes in Mindanao, and the diversity of interests. The commission will appoint a department governor who will have authority to negotiate with the sultan, Dattos, and to act as direct representative of the commission. The commission will visit the various posts in Mindanao.

MacArthur Asked for Facts.

Washington, April 1.—No report has been received at the war department from General MacArthur concerning the alleged frauds in the commissary department in the disposition of government supplies in the Philippines. He has, however, been advised that such a publication has been made in the United States and he has been requested to send the facts. It is alleged that Captain F. J. Barrows of the Thirteenth volunteer infantry, quartermaster of the department of southern Luzon, together with seven commissary sergeants, several civilian clerks, a prominent government contractor, the assistant manager of the Hotel Oriente, the proprietors of three of the largest bakeries in Manila, a number of storekeepers and other persons have been arrested and that the investigation has scarcely begun. Thousands of sacks of flour, a quantity of bacon and wagon loads of other goods, all bearing government marks, are said to have been found in the possession of unauthorized persons. It is further alleged that a commissary officer is leading an immoral life that has become notorious.

Funston's Reward.

Washington, April 1.—The president has chosen Brigadier General Lloyd Wheaton to be major general, vice Nelson A. Miles, raised to the rank of lieutenant general. To be brigadier generals in the regular army: Colonel Jacob H. Smith, Seventeenth United States infantry, brigadier general volunteers, vice Daggett, retired; Brigadier General Frederick Funston, United States volunteers, vice Wheaton, promoted. Congressman Long of Kansas called at the White House and thanked the president for the honor conferred on General Funston as a reward for capturing Aguinaldo.

Judges for Philippine Courts.

San Francisco, April 1.—Four recent appointees to judicial positions in the Philippines sail for Manila on the transport Burford. They are J. F. Cooper of Fort Worth, Texas, and Charles A. Willard of Minneapolis, to be justices of the supreme court, the court of last resort in the Philippines; Fletcher Ladd of Lancaster, N. H., and W. A. Kincaid of Galveston, judges of the court of first instance, a trial court with civil and criminal jurisdiction.

Cailles' Men Quit.

Manilla, April 1.—Five officers and 25 men of General Cailles' command have surrendered, including Colonel Herrera and Colonel Reloya.

Applauded Boer Exiles.

Madrid, April 1.—Dispatches received here from Lisbon are rigorously censored. Letters received here say the Boers who arrived at Lisbon on board transports, Friday, from Delagoa bay, were accorded a splendid reception, contrasting with the coolness of the popular reception of the mission headed by Earl Carrington, sent to Lisbon to formally notify King Charles of the death of Queen Victoria and the accession of King Edward VII to the throne of Great Britain and Ireland. The hour selected for the landing of the Boers was kept secret, but nevertheless a large crowd, a majority being European volunteers, was present and acclaimed the exiles. The party, numbering 700 persons, was escorted to quarters by Portuguese infantry.

Triple Wedding.

Batavia, O., April 1.—There was a triple wedding at the Fritz home near Mt. Holley. The contracting parties were Earnest A. Henke and Mamie Fritz, F. W. Henke and Lena Fritz, Richard H. Fritz and Mamie Henke.

Royal Globe Trotters at Suez.

Suez, April 1.—The steamship Ophir, bearing the duke and duchess of Cornwall and York on their tour of the world, arrived here after having been detained through the blocking of the canal by dredgers.

GORMAN ON NEW LAW.

Gives His Views on Why Illiterates Should Not Vote.

AMPLE OPPORTUNITY FOR EDUCATION

Incentive to Vote May Encourage The Desire For Knowledge Among Those Who Now Find It No Handicap to Remain in Ignorance.

Washington, April 1.—Ex-Senator Arthur P. Gorman of Maryland, in an interview regarding the recent political legislation enacted at Annapolis, says:

"If there are many illiterates in Maryland who will be affected by the passage of the present bill the blame lies with themselves. We have had the most perfect system of public schools for 30 years of any state south of Pennsylvania. Since 1870 the colored population have had ample opportunity to learn to read and write by means of the schools furnished by the white taxpayers of Maryland; and if, after these years of honest effort on the part of the white people in supporting these schools, there are, as is asserted, 26,000 of them who can not read or write, the fault can be attributed only to their lack of desire to obtain knowledge. If they prefer to remain in ignorance, there is no way to compel them to learn, unless the incentive to vote may hereafter encourage them to attend schools. The Maryland people would have no trouble in regard to suffrage provided it was confined to the legitimate residents of the state or the persons who have interests there, but by the exclusion of colored persons from participation in the elections in the southern states—and we believe the systematic efforts of certain employers to obtain cheap labor have been the means of bringing great numbers of undesirable colored men into Maryland, who have no interest in our community and possibly do not possess sufficient intelligence to enable them to vote without assistance, who have been used, however, by the politicians and threaten good order in the state—the Democrats of Maryland intend to protect the state against such intrusions, with all the attendant ills that have followed in the wake of this immigration, and we have no apologies to make for our course."

Bunch of Appointments.

Washington, April 1.—The president appointed Joseph B. Stewart to be collector of customs for the district of Richmond, Va. Among a number of naval appointments are the following: Joseph N. Hemphill, Abraham B. H. Little, Henry N. Manney and William T. Swineburne, to be captains; Edward M. Hughes and Samuel P. Comly, to be commanders; Roy C. Smith and Robert S. Griffin, to be lieutenant commanders; Colonel Robert L. Meade, to be brigadier general by brevet in the marine corps for distinguished service at Tien Tsin; Lieutenant William G. Powell, to be captain by brevet in the marine corps for distinguished service at Tien Tsin.

Boniface and Soldier.

New York, April 1.—Colonel Thomas B. Rand, 62, is dead in this city. He was born in Portsmouth, N. H. His first hotel was the Lynnfield house, Lynnfield, Mass. Since then he has been connected with hotels in various Massachusetts cities as well as the St. Cloud and Nevada here. He was known as an advocate of measures to the advantage of hotel men, for instance, limiting the liability of proprietors for losses by guests through theft. He believed in uniform legislation and interstate regulations for hotel men in all states. During the civil war Colonel Rand was the senior captain of the Thirty-third Massachusetts volunteers.

Arizona Irrigation Canal.

Phoenix, A. T., April 1.—The largest irrigation canal in the world was opened and the waters of the Colorado river turned in at the head gates below Yuma. The canal is 60 miles long, navigable to small boats, which will be used for carrying freight to ranches along the route.

Trapshooting Tournament.

New York, April 1.—Trapshooters from all over the United States and Canada assembled at Interstate park, Queens, L. I., to take part in the ninth annual live bird shooting tournament of the Interstate association. The tournament will continue all week.

Fatal Fall from a Horse.

Rockford, Ill., April 1.—Jessie Elizabeth Forbes, 28, daughter of A. D. Forbes, a banker of this city, is dead at El Paso, Texas, as a result of an injury received in a fall from her horse. Miss Forbes was a writer of note, some of her juvenile stories being especially well known.

A LUSIY INFANT.

Steel Trust Capitalized at More Money Than Anyone Can Count.

Trenton, N. J., April 1.—The United States steel corporation filed with the secretary of state articles amending its charter and increasing its capital stock to \$1,100,000,000. The state fee for the filing of the paper was \$220,000. The original articles filed some time ago were amended in only one particular. This amendment was made for the purpose of taking advantage of an act passed by the recent legislature. Originally the corporation could not merge or pledge its real property or any of the stock of any other company except by the affirmative vote of the owners of two-thirds of the capital stock. Under the amended charter it is necessary to have the affirmative vote of only two-thirds of the stock represented in person or by proxy at any meeting of the corporation. The reason for the change is the fear that the stock will become so scattered that it would be impossible to get two-thirds of the entire stock represented at a meeting.

SHOOK THE SULTAN.

Violent Earthquake Almost Caused a Panic in the Palace.

Constantinople, April 1.—A violent earthquake was felt in the Dombagatche palace at the moment of the Bairam ceremony, when the high officials were passing before the sultan's throne. A panic resulted, particularly among the diplomats in the gallery, many of whom immediately left the palace. The band ceased playing and the musicians rushed to the doors. Pieces of plaster fell from the ceiling and portions of the chandeliers were broken, adding to the general alarm.

The sultan arose from his throne and took a few steps, apparently intending to leave the chamber, but preserved great calmness and presence of mind, which had a good effect. After a moment's hesitation the sultan reseated himself upon the throne and ordered the ceremony to proceed. A reception followed without further incident or alarm.

Ohio Incorporations.

Columbus, O., April 1.—New London and Hartland Railway company, Akron, \$10,000; Dayton and Xenia Transit company, Dayton, \$800,000; Crown Clothing company, Toledo, \$15,000; Hartland and Norwalk Railway company, Akron, \$10,000; Journal Publishing company, Fremont, \$10,000; Needall Mutual Aid association, Cincinnati; Ohio and Indiana Supply company, Lima, \$6,000; Citizens' Electric Light and Power company, North Amherst, \$5,000; Elyria Lumber and Coal company, Elyria, \$20,000; Stevens Organ and Piano company, Marietta, \$50,000; Wilmer Building company, Cincinnati, increase from \$150,000 to \$200,000; J. A. Saunders Sash and Door company, Cleveland, \$10,000.

Chicago Market Quotations.

Chicago, April 1.—Board of Trade market quotations under the recent agreement between the board and telegraph companies were available to the companies Monday, but not until April 15, if then, will the old order of things be fully re-established. This is due to the immense amount of work the telegraph companies must do to perfect their service and to the examination of all contracts by the board's quotation committee.

Cleveland Carpenters.

Cleveland, April 1.—It is probable the threatened strike of carpenters in this city will not take place. It is stated that fully half the contractors have agreed to pay the increase demanded and it is thought the remainder will do likewise. The building laborers' union also demanded an advance of 25 cents, or \$2 per day. The employers, it is said, have generally conceded the increase.

Victory for Egg Testers.

Chicago, April 1.—A threatened strike of egg candlers, which promised to seriously affect the Chicago egg market, has been averted by commission merchants agreeing to the demands of the egg inspectors' union for a uniform scale of 25 cents per hour, a 10-hour day and 10 cents extra for each case of eggs candled after the regular close of the working day.

Wages Increased.

Pottstown, Pa., April 1.—Puddlers in the employ of the Glasgow Iron company have been notified that beginning Saturday their wages will be \$3.25 per ton instead of \$3 as heretofore. Wages of other employees will also be increased. The 112-inch plate mill, which has long been idle, has resumed operations.

Painters and Decorators Strike.

Cincinnati, April 1.—Union journeymen painters and decorators numbering 500 struck because of the refusal of the master painters and decorators to sign the scale recently adopted by the union. The new scale is \$2.80 for an eight-hour day.

RUSSIA'S ULTIMATUM.

If China Doesn't Sign There'll Be a Diplomatic Rupture.

CHINESE OFFICIALS CANNOT AGREE.

Earl Li Favor's Accepting Russia's Terms But Others Object—Chinese Authorities Think Other Powers Are Much Concerned as China.

Washington, April 1.—Information has reached here to the effect that the Russian government, being seriously perturbed by the course of China in not signing the Manchurian agreement, largely because of the protest made by the several powers, has conveyed a distinct and unmistakable indication to China that if this course is persisted in there may be an interruption of the present intercourse between them. This is little short of an ultimatum that China must sign or take the consequence of a termination of her friendly relations with Russia.

To what extent the United States will take cognizance of Russia's disposition to enforce the signing of the agreement has not yet been made apparent. It appears to be the policy of the Chinese authorities to consider this a subject that concerns the powers quite as much as it does China.

The matter has become further complicated by reports reaching Washington that the Chinese authorities are divided on the course to be pursued. Some of the most influential, including Li Hung Chang, are urging that acquiescence be given to Russia's proposals, while others insist on rejecting the agreement. The attitude of Li Hung Chang is accounted for by his well-known friendliness for Russian interests. In this case, however, there appears to be arrayed against him the strong influence of the southern viceroys, Chan Chi Tung and Lia Kun Yi, who oppose the signing of the treaty.

The reports reaching here show that the agreement has not been signed. Its status is most peculiar. The time in which it was to have been signed expired last Tuesday, but that day Yang Yu, the Chinese minister at St. Petersburg, fell in the legation and hurt his head so that he was unable to transact business. The misfortune has caused much amusement here and some irritation in certain quarters, as it has been recognized as a most timely means, accidental or intentional, of avoiding a direct issue on the subject. It is not clear to what extent the Russian intimation has gone, but in any event it gives an urgency to China's course which has not been presented thus far.

Would Rescue the Emperor.

London, April 1.—A correspondent at Shanghai cables that he understands the Yang-tse viceroys and Yuan-hai-kai, military governor of Shan-tung, are prepared to dispatch 100,000 troops to Sian-fu to rescue the emperor from the hands of the reactionaries and escort him to Peking, if a little pressure and promise of moral support is forthcoming from the powers interested in the open door. The correspondent adds that the suggested expedition would prove popular in central and southern China, would result in the destruction of the anti-foreign elements and would lead to the establishment of progressive government at Peking.

Wednesday Is the Limit.

St. Petersburg, April 1.—The new term within which the signature of the Manchurian agreement is demanded expires Wednesday. The confidence that the treaty will be accepted substantially in its present form is apparently unshaken here, though no positive prophecies are made.

Roundabout Rumor.

New York, April 1.—A dispatch from London says advices from Shanghai report that an imperial edict will be issued announcing the decision of the Chinese court to refuse ratification of the Manchurian agreement.

Stuffed With Paper.

Columbia, S. C., April 1.—Last week the Bank of Columbia of this city forwarded to Bank of Commerce of New York \$5,000 in paper money. When the package arrived at its destination it was discovered that the money had been removed and brown paper substituted. The package was put up by a bank official in the presence of the president, Colonel W. G. Childs, and another official carried the package to the express office. The Columbia bank officials declare the bank is not to blame.

Huntington, W. Va., April 1.—Coal operators at Licking Rock, Mingo county, will endeavor to operate their mines with nonunion men. Strikers may interfere.

LAWYERS here who have read the opinions of the Court of Appeals in the Caleb Powers case say that the record made by Judge Cantrill in the trial of the case is almost without a parallel in the history of jury trials in the State. Out of 347 exceptions filed by the defense, the Court of Appeals sustains Judge Cantrill on all but four points.

The editors who have maliciously maligned Judge Cantrill all along will of course take pains to overlook the above paragraph.

QUITE DIFFERENT

Is MacArthur's Dispatch, Telling of Aggy's Capture, From That of Sampson's Telling of Cervera's Defeat.

[New York Journal.]

It is said that Admiral Sampson feels deeply hurt at the criticisms he has had to endure since he won his famous victory by proxy at Santiago. That he may avoid a repetition of such painful experiences after his next victory we venture to call his attention to the dispatch in which General MacArthur announced the capture of the chief of the Filipino insurgents.

General MacArthur might have said: "The army under my command offers the nation as an Easter present the capture of Aguinaldo."

That would have been perfectly true. General MacArthur commanded the army in the Philippines, just as Admiral Sampson commanded the fleet at Santiago. There was no more occasion for MacArthur to mention Funston than there was for Sampson to mention Schley. But this is what General MacArthur actually said:

"Splendid co-operation navy through Commander Barry, officers, men, Vicksburg indispensable to success. Funston loudly praises navy. Entire army joins in thanks sea service."

"The transaction was brilliant in conception and faultless in execution. All credit must go to Funston, who, under supervision General Wheaton, organized and conducted from start to finish. His reward should be signal and immediate. Agree with General Wheaton, who recommends Funston's retention volunteers until he can be appointed Brigadier General regulars."

If Admiral Sampson will study that dispatch a little and compare it with his own from Santiago he may begin to realize why his services to his country have not met with the popular appreciation they have merited.

DEMAND FOR EGGS.

Cincinnatians Are Finding Out That Pittsburgh Is Getting the Trade in Hen Fruit.

[Commercial Gazette.]

While the packets entering Pittsburgh are well loaded with large consignments of eggs, the case is quite different in this port. A prominent river official of this city, in speaking of the matter, said that within his knowledge during the past five years but very few, if any, cases of eggs had been brought into this port by up-river packets seventy-five miles above this city.

The demand for eggs is steadier in Pittsburgh than in any city west of the Allegheny Mountains, and, therefore, the prices are higher. When 11 cents is asked for eggs in this city, at Pittsburgh it is, as a rule, 13 to 13½ cents. The eggs that are brought into this city come from the small towns, such as Augusta and down-river towns. Not very long ago a Pittsburgh boat shipped at Maysville 2,000 cases of eggs.

The Y. M. C. A. gymnasium will be open to-night as usual. Basket ball game will be played by the Heinies and Cowboys, with probably a postponed game afterwards by the Braves and Yankees.

Mrs. Julia Yates, colored, died Monday morning at 1 o'clock at her home on the Lexington pike, aged about seventy, of heart trouble. She leaves one daughter and one son. The funeral takes place at 2 o'clock this afternoon at Bethel Baptist Church.

The engagement is announced of Mr. Charles Rosenau, formerly of this city, and Mrs. Johanna Brunswick, a very lovely widow widow of Philadelphia. The date of the nuptials has not been learned. Mrs. Brunswick is a cousin of the Messrs. Merz of the Bee Hive.

The resignation of Mr. James Frost as a member of Council from First ward was presented and accepted. Mr. Frost expects to move to Cincinnati.

The account for eighteen overcoats for the firemen and for 200 feet of new hose was ordered paid.

The petition of E. A. Robinson for permission to construct a private sewer from his new residence, corner of Second and Lexington streets, to the river was granted. The sewer is to cross Second, thence west to Willow alley and down said alley to low water mark. The rules were suspended and ordinance to that effect was passed. A motion that the city pay half the cost of construction was defeated. Mr. Robinson was willing to give the city complete ownership of the sewer if Council would pay half the cost.

A bill of Dr. Shackelford amounting to \$50 for services in small-pox cases was referred to Claims and Accounts Committee for investigation.

The saloon license of Breeze & Atkinson was transferred to C. F. Breeze.

Wm. Rosser & Co.'s saloon license was transferred from 231 Market street to 112 Market street.

R. S. Porter was granted auctioneer's license.

An appropriation of \$50 was made to the Board of Trade to aid in paying the cost of a committee to visit a tobacco factory that is seeking a location in Maysville, and ascertain its present business.

Four emergency bonds, each for \$500, were ordered sold.

John H. Dersch was unanimously elected to fill the unexpired term of James Frost as member of Council from First ward.

H. L. Newell, R. B. Lovel and M. A. O'Hare were elected supervisors of tax for this year.

The young ladies of the High School and the Teachers Association were refunded license paid for their entertainment last month.

The Committee on Internal Improvement was ordered to repair a sewer on Union street at a cost of \$45.

WILL GO TO ITALY.

An Unlimited Leave of Absence Has Been Granted Rev. Father Ennis by Bishop Maes.

On account of the condition of his health and on the advice of his physician that he must seek a more congenial climate, the beloved pastor of St. Patrick's Church, Rev. A. T. Ennis, has been granted an unlimited leave of absence by Bishop Maes.

Father Ennis will remain here until after Easter, and next Tuesday or Wednesday will leave for Cincinnati, where he will spend a few days. On leaving that place he will visit his friend, Bishop Byrne, of Tennessee, and after spending a few days in St. Louis and at other points, Father Ennis will then leave for his home in Italy, where he hopes, surrounded by his mother, brother, sister and other relatives and breathing the balmy air of that sunny clime, he may be fully restored to health—a consummation that every member of his congregation and his many friends in this city will most earnestly pray for.

The news of his contemplated departure published Monday came as a great surprise to Father Ennis' friends, as they had hoped his stay among us would be for many years.

Father Ennis' farewell sermon here will be delivered at the 10:30 a. m. mass Easter morning.

A TOBACCO FACTORY.

Lively Interest Manifested in the Move to Secure a Big Enterprise For Maysville.

The public meeting at the court house Monday afternoon called to consider a proposition to establish a big tobacco factory in this city was largely attended, many of the most substantial citizens of the city and county being present. Mr. Abner Hord presided and the representatives of the press acted as Secretaries.

Mr. W. D. Cochran, Secretary of the Board of Trade, presented the proposition of the gentlemen who are seeking a location in this city. Their present factory is capitalized at \$30,000, but their business has far outgrown the capacity of the factory. They desire a location in the heart of the white burley district, and have offers from other cities, but prefer Maysville. They wish to organize a company with \$100,000 capital, and build a factory to employ at the start 100 men and women. They are ready to subscribe \$50,000, putting in their brands, good will and sufficient cash to make that sum. They ask Maysville and Mason County people to subscribe \$50,000, the local subscribers to have preferred or common stock as they may wish. If they come here they expect to have the factory in operation in ninety days.

President Duley, of the Board of Trade, Dr. J. M. Frazee, Hon. Walter Matthews, Mr. A. R. Glascock, M. F. Marsh and others made remarks. Dr. Frazee knows the gentlemen personally and by reputation and he was satisfied of their ability. He had talked with them and he believed the starting of such a factory here meant the establishment also of a big tobacco stemmery and probably a fertilizer factory.

The result of the meeting was the appointment of Mr. A. R. Glascock, Hon. Walter Matthews and Mr. W. D. Cochran a committee to solicit subscriptions. It was afterwards decided that the committee should visit the present factory and ascertain the desired information as to amount of the business done, standing and ability of the gentlemen interested &c. If everything is satisfactory it is believed the stock will be readily subscribed.

The City Council, to help the move along, last night voted the Board of Trade \$50 to aid in paying the expenses of the committee's trip.

The revival meeting at the M. E. Church, South, did not close last night. The interest seems to have increased, the attendance was large and there were conversions at both services yesterday. Services to-day at 3 o'clock p. m. and 7 o'clock p. m.

A Raging Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for coughs, colds and all throat and lung troubles by J. Jas. Wood & Son. Price 50c. and \$1. Trial bottles free.

THE H. E. POGUE DISTILLERY CO.

A machine for the breaking of hemp which will revolutionize the industry was tried at the State College in Lexington Wednesday. It is thought that by its use the cost of handling can be so reduced that the fibre can compete with the cheaper fibres of India and the Philippines. With it hemp can be broken without the long and expensive process of rotting.

DR. W. T. HORD,

The Retired Naval Officer, a Native of This City, Passes Away at His Home in Washington City.

A telegram this morning announced the death at Washington City last night of Dr. W. T. Hord, Medical Director of the U. S. Navy, but for some years on the retired list. Dr. Hord's critical illness was mentioned a few days ago.

Dr. Hord was a son of the late Francis T. Hord, and was a brother of Mrs. J. B. Noyes and Mrs. Mary G. Clark, of this City. In addition to these immediate relatives, he leaves four brothers, Judge Francis T. Hord, of Columbus, Ind., Judge Moss Hord, of Shelbyville, Ind., and Messrs. George M. and Elias Hord, of Chicago. His wife and two or three children survive him, one of his sons being a prominent Episcopal minister, rector of one of the leading churches of Washington City.

I Don't Want to Worry My Friends Nor The Public, But I Certainly Am Going to Retire From Business,

And at least want my friends and past patrons who have so generously patronized me in the past fourteen years to enjoy the benefit of getting some of the finest Clothing ever brought to Maysville.

AT LESS THAN THE COST OF PRODUCTION!

I have never been the one to sing my own song of praise and will not now, on the eve of my retiring from business, but leave my old patrons the sole judges of [the class of CLOTHING I have always handled. To those who have not had an opportunity to know our Clothing I will ask that you call and look at them. I will soon send what I have left to Cincinnati to be sold to merchants, and many of them may be brought back to Maysville and sold to you at double what I ask for them. Respt.,

A Custom OF THE AGES.

Is that on Easter Day the beautiful shall predominate, for it is the outward manifestation of an inward beauty testifying of a universal sentiment of gladness and good will.

In none of the departments of beautifying on this day is there such marked effort as in personal adornment.

Ordinarily, the effect desired to be produced is not the gaudy nor the elaborate, but correct or rather the esthetic in personal costuming.

In order to produce this triumph effectively, one of the most necessary and even indispensable factors is the neat and dressy Shoe. Without this the otherwise most tastefully apparelled man or well gowned woman utterly fails of the effect sought, and disappointment, at the least, follows.

It affords us pleasure to be able to announce, at the approach of the Easter occasion, that there need be no apprehension concerning proper and elegant foot covering; it may be found in unlimited variety at prices lower than ever known for CASH at the closing assignee's sale of

H. C. BARKLEY & CO.

We Don't Have to.

PUSH THE AMERICAN WOVEN WIRE FIELD FENCE to sell it. Fact of the matter is, it's selling so fast we haven't been able to get our orders filled quick enough to supply the demand. Of late we've been obliged to sell on future delivery, and the present shipment of two car-loads will scarcely go 'round among those who were thoughtful enough to anticipate their wants weeks ago. Those who expect to use the American Fence this Spring should hasten to place their orders. Only a limited quantity on hand to supply needy purchasers. After that's gone we may have to wait for succeeding invoices.

MINISTER'S BOY MISSING.

The Rev. E. L. Shepard Worried Over the Disappearance of His Son Roy.

CINCINNATI, March 30.—The relatives of Roy L. Shepard, the seventeen-year-old son of Rev. Shepard of the M. E. Church in Covington, are worried over his continued absence. He left home Sunday, March 24, and has not been seen or heard of since, and all efforts on the part of relatives and friends to locate him have been unavailing. It was first thought that he had gone to Lexington, Ky., where the family formerly resided, but friends there have not seen him.

His description as furnished by his family is as follows: Height about 5 feet; squarely built; weight, 120 pounds; light, sandy hair, slightly curled; bluish-grey eyes; left eyebrow lower than right; three chickenpox marks on near right cheekbone, one near left corner of mouth; upper right front two gold filled, and scar on back of neck below hair, left side. He had on dark gray suit, red sweater, blue striped cheviot shirt. A reward will be paid for information concerning his whereabouts.

F. Devine, agent for William Shepard, sold a house and lot on East Fourth street Monday to Mrs. Jane Murphy, for \$650.

Miss Catherine Smith, sister of Rev. Father James Smith, pastor of St. Patrick's Church, Covington, died Sunday at her home, No 28 Elm street, that city, after long and severe illness, aged seventy years. Requiem mass was held this morning at 6 o'clock and the remains brought to Maysville for interment. Miss Smith and her brother formerly lived in this city, and their many friends here learn with sadness of her death.

Coming the 22nd of April.

The melodrama "Enoch Arden. Reader, Miss Helen May Curtis, piano accompaniment composed by Richard Strauss, played by Mr. George Kruger. This was recently given at St. Nicholas Hotel, Cincinnati, with great success. It is said to be exquisitely beautiful.

Electric Railway Along the North Bank of the Ohio.

Gigantic plans are now on foot among Northern interests for a double-tracked electric railway line from Cincinnati to Cleveland, taking in Hamilton, Dayton, Springfield and Columbus and probably diverging in other directions from the Queen City to make Hillsboro, Chillicothe, Circleville and probably later on to connect Cincinnati via the route of the Ohio river with Portsmouth.

THE LATE MICHAEL LALLY.

His Death at West Covington Sunday Was Very Sudden—Was a Brother of the Late William Lally.

[Enquirer.]

Michael Lally, inventor of the peanut roaster used by all street vendors, died at his home on Main street, West Covington, at 4 o'clock Sunday afternoon. Mr. Lally had been complaining for the last few days, but was not bedfast.

He attended church at St. Ann's Church Sunday morning and returned home, eating a hearty dinner. About 3 o'clock he complained of being ill and laid down. An hour later he was stricken with paralysis, which resulted in his death.

The deceased had been in business in Cincinnati for the past thirty-five years. He had been one of West Covington's leading citizens, having been a member of the City Council for years, and on several occasions elected President. He leaves a wife, two sons and two daughters to mourn his death.

RIVER NEWS.

Immense fleets of timber are lying on both sides of the river from Huntington up to the mouth of the Guyan.

Keystone State for Pittsburg, Urania for Ironton and Courier for Pomeroy tonight. Wells and Bonanza down.

The hull of Captain Mose Pickelheimer's new boat at Higginport is now about ready to go into the water. The machinery of the defunct Dick Brown will be put on her.

It is often asked, when the wrecks of broken, worn out barges are being burned along the river, how much iron is used in the construction of a big coal barge. The style of barges that are now coming into use, and the substantial way in which they must be built to carry 14,000 to 15,000 bushels of coal, requires fully a ton of iron, says an exchange.

The new boat which the Bay Line Company is now finishing at Ironton is said to be a very beautiful vessel, when compared with the score or more this company has built. She is only awaiting the finishing touches to her machinery, which, on a boat before, proved both powerful and fast. Everything about the craft has been modeled with a view to speed and handling, the engines being large enough for a boat of double the size of the hull of the new craft.

During the sessions of the Ebenezer Presbytery, which convenes this evening in the Central Presbyterian Church, a street car will leave the church at the close of the meeting each evening for both the East and West End, to accommodate all who wish to attend.

Holds Up a Congressman.

"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by J. Jas. Wood & Son, druggists.

Health and Beauty

For generations women have been taught that "beauty is only skin deep," but, like many proverbs, that will not stand. Beauty is blood deep. There can be no beauty without health. Our grandmothers lived closer to nature than we do, and they were so sheltered by their home life that health and beauty were theirs naturally. Skin foods, freckle lotions and face bleaches were unknown commodities. But there has been a great change in the life of women since then. With broader education and larger opportunities, she has developed mentally at the expense of her health. From the quiet duties of home she has gone forth until now we find her in many avocations of life, which prove too great a tax on her vitality. How sad it is to see the cheek robbed of its color and the eye of its fire. These symptoms nearly always show derangements in the delicate feminine organism. They don't call for bleaches or paints or powders, but for a remedy that will make the afflicted organs strong and well. Wine of Cardui is just such a remedy. Women broken in health and spirit have been made healthy and happy by this Wine. No one should give up to the "blues" until this reliable remedy has been tried. It has proven a blessing to other women and will not disappoint you. It brings that buoyancy of spirit, elasticity of step and lightness of heart which is the corner stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1899.

I feel that I must say a few words in praise of the Ladies' greatest friend, Wine of Cardui. It is the most wonderful remedy that I have tried. I have been a sufferer for years, at times being confined to my bed two or three days at a stretch. A friend recommended Wine of Cardui, and since I have taken it I have been greatly relieved. I intend to continue to take it, for I know it is as recommended. Mrs. MARY E. COOLEY.
